

# phs AIRSCENT BURST

➤ Create an immersive scent experience with a highly effective air freshener that eliminates malodours.

The **phs AIRSCENT BURST** dispenses a regular and measured dose of aerosolised fragrance into the air to help maintain freshness. Its compact design and extensive choice of fragrances makes it an ideal system for any environment.

## Key Features

- New and improved unit featuring beep technology and indicator light for alerting when battery is low
- Choice of backplate or adhesive fitting for wall mounting
- Available in white or nickel
- The unit function can be set on 12/24hr and 30/60-day service

## Pleasant and effective fragrance

The **AIRSCENT BURST** dispenses a regular dose of aerosolised fragrance into the air. With an exciting choice of fragrances, these light yet powerful scents are designed to invoke a sense of freshness and cleanliness, while removing unwanted odour. The unit is battery operated, and presents an audible warning 'beep' prior to fragrance being released. As standard, fragrance is dispensed every 20 minutes, however the unit can be adjusted by the service technician to dispense fragrance every 10 or 20 minute intervals.
